UNSCHEDULED CLOSINGS

If SVA closes due to weather or an emergency, updates will be available at sva.edu and 212.592.2000, or through SVAAlert.

SVAAlert is an electronic notification service available to current students, faculty and staff only. To select your preferences and check that your contact information is correct, visit my.sva.edu.

As a general rule, if New York City declares a state of emergency, SVA will be closed until the declaration is lifted.

These emergency numbers are also available on the GoSVA app. For more information visit go.sva.edu.
